PENCILITES.

Chew Jackson's Best Sweet Navy Tobacco.

The Tennessee Press Association meets at Gallatin on Thursday, June 19th.

The fire alarms are getting to be so frequent that the fire department will get out of practice.

It was sweltering warm yesterday and quite showery, but not enough rain to do any good yet.

W. F. Cole has been appointed postmaster at White Pine, Jefferson county, says the *Morristown Gazette*.

The excursion and picnic season is now upon us in full blast. Everybody is making arrangements and looking forward.

Prof. John Collins and his wife, who have made their home in Maryville for seven years, have removed to Philadelphia, Pa.

Business was rushed through at a lively rate in the Criminal Court yesterday. A few more such days will clean up the docket effectually.

The attention of the students and pupils in the various schools begins now to be turned almost entirely to the preparations for the commencement exercises.

Morristown Gazette: Thomas Crawford, of Hawkins county, aged eighteen years, was killed in the 5th district of that county last week by a falling tree.

The special train which conveyed the Cincinnati Southern magnates and some of our Knoxvilleians to Chattanooga last Sunday, made the run—112 miles—in four hours, which speaks well for the condition of our road.

The Lynchburg Virginian warns S. W. Va. and E. Tenn. to look out for a little fellow who claims to be agent for F. A. Wood & Co., 725 Broadway, New York, in the sale of perfume, and says he left Lynchburg between two days.

Miss Janie F. Montgomery, second daughter of Rev. W. A. Montgomery, was married at Leadvale, on the 9th inst. to Capt. C. H. Sowers, the bride's father officiating. Miss Montgomery was a frequent visitor to Knoxville, and was quite popular in Knoxville society.

Don't fail to go to the picnic at Inskip Station Saturday.

Personal.

Rev. J. J. Manker, of Greenville, was in the city yesterday, circulating among his many friends here.

Rev. Geo. B. Eger, pastor of the First Baptist Church, and his wife returned Tuesday night from attending the Southern Baptist Convention in Atlanta, Georgia.

Inskip Station has no equal as a picnic ground. Only 25 cents for the round trip, and a good time may be expected. Be on hand Saturday morning. may15/2t

A Delicate Surgical Operation

Was performed yesterday on the person of Mrs. H. T. Cooper, of this city. It was the removal of a tumor, or rather two tumors grown together, under the right arm, which had been troubling her for a long time, and at times gave her much pain. Each tumor was about the size of a hen's egg. The operation was very successfully performed, and Mrs. Cooper is doing as well as could be expected. The chief surgical operation was performed by Dr. C. Denderick, and he was assisted by Drs. D. T. Boynton and J. M. Kennedy, of this city, and Dr. G. A. Baxter, of Chattanooga.

Ho for Inskip Saturday. The best place in East Tennessee for a picnic.

The Southern Baptist Convention, which was in session in Atlanta, Ga., closed its labors Monday and adjourned to meet at Lexington, Ky., in May 1880. An extended and elaborate report of the Committee on Agency Work was read by Rev. Dr. T. C. Teasdale and adopted.

Four thousand dollars was collected for the Theological Seminary at Louisville, Ky. The Convention instructed the Home Mission Board to commence a manual labor school among the Creeks in Indian Territory by October, and approved the appointment of Rev. G. B. Harwell as a missionary among the Chinese in California.

The New Cornet Band.

The new silver cornet band, which was gotten up among young men of our city, and the arrival of whose instruments was noted by us, has been thoroughly organized, the young men been given their instruments, and they will begin a vigorous practicing with a view of perfecting themselves as musicians. The band is composed as follows: Joe Ray, first E flat; Will Butler, second; Johnnie Payne, first B flat; Alex. McMillan, second; Jimmie Stephenson, first alto; Ed Ross, second; Will Park, first tenor; Sam Mitchell, second; Hugh McCulla, baritone; Hal Jackson, helicon bass; Jas. P. McCulla, kettle drum; Sam Butler, bass drum and cymbals. We may expect to hear some creditable music from them at an early day.

Best Evidence of Its Worth.

The great popularity of Dr. Price's Cream Baking Powder is the best evidence of its worth. Whenever a sweet white biscuit is wanted, or a light poppie, an elegant cake, or a delicious pudding, Dr. Price's Cream Baking Powder should be used. It is purity itself.

English Sparrows.

Some three or four years ago, Mr. E. J. Sanford brought to this city from New York, four pairs of English sparrows and turned them loose. We have occasionally heard from them since then, but nothing definite until this season. Now nine of them have built nests around the tower of the Church Street M. E. Church, South, and appear to be entirely at home. They increase very rapidly and we may soon expect to see hundreds of them about our streets. In the larger cities they are protected by stringent municipal ordinances. In New York provisions are made for feeding them through the winter.

Criminal Court.

The Criminal Court re-assembled at the usual hour yesterday morning. Hon. D. K. Young presiding, by interchange with Judge M. L. Hall, and the following proceedings were had:

Living Chess.

The game of living chess at the Opera House Monday night will be an enjoyable affair. It is something new here, and in addition to its novelty, it is for the benefit of an enterprise in which every citizen of Knoxville should feel a deep interest. The managers of our Public Library are working with a commendable zeal to build it up to what it should be, and we trust they will meet with the substantial encouragement they so richly merit.

A Wise Deacon.

"Deacon Wilder, I want you to tell me how you kept yourself and family so well the past season, when all the rest of us have been sick so much, and have had the doctors running to us so long."

"Bro, Taylor, the answer is very easy. I used Hop Bitters in time and kept my family well and saved large doctor bills. Three dollars' worth of it kept us all well and able to work all the time, and I will warrant it has cost you and most of the neighbors one to two hundred dollars apiece to keep sick the same time. I guess you'll take my medicine hereafter." See other column.

INDICATIONS: For Tennessee and the Ohio Valley, falling, followed by rising barometer, southerly winds, veering to cooler north and west, cloudy weather and numerous light rains, and possibly followed by clear weather.

Knights of Honor.

A circular recently issued by Supreme Dictator J. A. Cummings, giving a complete record of the yellow fever deaths, losses, etc., shows that during the five months of July, August, September, October and November, 1875, there was a total of 336 deaths from all causes, among members of the Order of Knights of Honor in the United States. Of this number 193 were from yellow fever, and 143 from other causes. The sum of \$670,000 was required from the widows and orphans benefit fund of the Order to meet these losses, which is a greater amount than had been disbursed from this fund from the beginning of the Order, five years previous.

The Supreme Dictator concludes his circular as follows:

With a total loss more than double that of any other like beneficiary society, we have paid in full every benefit caused by the epidemic, and proved to the world the efficacy of our organization to successfully meet the severest trial. This work has been done with hardly more than the usual number of supporters, and though our growth was temporarily checked by the extraordinary demand upon its resource, a rapid increase is now taking place over the country, and we now number at least fifty thousand members.

These events have proved the wisdom of our system of one general jurisdiction for the Widows' and Orphans' Fund, and the efficiency of our laws for the government of the Order. No extra judicial measures have been necessary to meet the emergency, and all consultation required between the Supreme Officers has been carried on by letter.

Aside from the payment of death benefits, about \$15,000 was contributed voluntarily for the relief of the living, who were in want and suffering by reason of the epidemic.

In this record every Knight of Honor may take a just pride in the fact that in the front rank as a great benevolent and business institution, and secures a future of untold usefulness for our beloved Order.

Travelling is Extra-Hazardous.

If the tourist is unprovided with some medicinal resource. Changes of temperature, food and water of an unaccustomed or unwholesome quality, and a route that lies in the tropics or other regions where malaria exists, are each and all fraught with danger to one who has been inured to the temperate climate of his native land. The concurrent testimony of many voyagers by land and sea establishes the fact that Hosteter's Stomach Bitters enables those who take it to resist the influence of the malarial fever, and that, as a medicine adapted to sudden and unexpected exigencies, it is peculiarly valuable. Disorders of the liver, the bowels and the stomach, fever and ague, rheumatism and nervous ailments, brought on by exposure are speedily relieved by its use, which emigrates, travellers and new settlers are most subjects. These and other ills yield to the action of the Bitters promptly and completely.

Clapp's Chapel to be Rebuilt.

We, in common with all good citizens, are gratified to learn that the famed Clapp's Chapel, a preaching place of the Methodist Church in the fifth district of this county, which has been twice maliciously burned to the ground within a few months, is again to be rebuilt. We are informed that uncle Solomon Clapp, the father and bulwark of Methodism in that region, says that after fighting the battles for so many years, he will not allow any obstacles to interfere in his old days. And, suiting his action to his words, he has, we learn, subscribed the sum of \$50 himself to the work. About \$200 had been raised a few days since, and it is expected to put the job through at once.

Y. M. C. A. Notes.

An adjourned meeting of the Knoxville Young Men's Christian Association will be held this evening in the counting-room of Mr. J. L. Rhea, on Gay street, commencing at 8 o'clock. All interested in the improvement of the spiritual, social and mental condition of the young men of Knoxville are invited. The first Convention of the Young Men's Christian Association of the Eastern District of Tennessee will convene in St. John's Episcopal Church on next Saturday morning at 10:30 o'clock. A half hour devotional meeting, to be led by Mr. R. J. Cooke, of Athens, will be held by the delegates previous to the Convention, in the Second Presbyterian Chapel, commencing at 10 o'clock. All are cordially invited to attend the sessions of the Convention.

Revenue Appointment.

We learn that our townsman, Mr. J. A. Greer, has received an appointment as Chief Clerk in the office of Col. Melton, Collector of Internal Revenue for the 2nd District of Tennessee.

This will cause a vacancy in the office of County Clerk, which Mr. Greer has so long efficiently filled, and an election probably will be held at the next quarterly term of the County Court (July 7th). Candidates as thick as hops. About fifty or more men would like to have it.
